

The Georgia Animal Control Association

Awards Program

The purpose of initiating a Georgia Animal Control Association Awards Program is to pay tribute by recognizing in a state-wide, public forum, the outstanding people who have, without reservation, contributed to the animal control profession. Furthermore, this program would encourage positive job performance, and promote professionalism among GACA members. Through recognition of hard work and dedication, the program may influence attendance and participation of current members, as well as 'recruiting' new members in future GACA affairs.

Awards will be given in the following categories:

Animal Control Officer of the Year Award
